

Carrier Customer Bulletin

Date: September 22, 2021
Notice #: CCBFTRO1963
Audience: CLEC, Reseller
Subject: CLEC User Forum (CUF) Recap
Effective Date: 09/16/2021

Frontier hosted the CLEC User Forum (CUF) on Thursday, September 16, 2021 and presented the information contained in the presentation available below.

[September 2021 CLEC User Forum Presentation](#)

Additional information was provided while reviewing the Return to Native Process reminders, specifically new order samples were posted on our Wholesale. The two new LSR Order Samples are listed below:

DB/V - Business Pots Platform Return to Native (RTN) with Reuse of UNE Loop

EB/N – Business POTS Port-In with Features – Reuse of UNE Loop

To view these and other LSR Order Samples, please visit: [LSR Order Samples \(frontier.com\)](#)

The next CUF is planned for Thursday, March 17, 2022. The full CUF schedule is available at: [CLEC User Forum \(frontier.com\)](#).

If you would like to subscribe to future CUF notifications, please complete and submit the form available at: [Subscribe to Wholesale Notifications \(frontier.com\)](#).

If you have questions regarding the information provided in this notice, please email Frontier.CUF@ftr.com.
