On or after September 1, 2023, the Harrisburg, pa PEO switch, and associated remotes will be retired and removed from Frontier’s network as part of its ongoing efforts to modernize the network.

The Exchange Codes (NXX) identified in Table B in Numbering Plan Area (NPA) 717 currently residing in the Harrisburg PA POI located at 31 S 31ST ST Harrisburg, PA 17111 will be moved to the Harrisburg PA PEO virtual switch located at 31 S 31ST ST Harrisburg, PA 17111 (see details in Table A below).

The native NPA/ NXX codes assigned to the Harrisburg PA POI will be rehomed upon decommissioning of the switch and reflected in the Local Exchange Routing Guide (LERG) for the Harrisburg PA PEO switch. This will occur on or after June 1, 2023.

**Description of Reasonably Foreseeable Impact of the Planned Changes:**

The native NPA NXX belonging to the Harrisburg, PA PEO switch and associated remotes will be rehomed upon decommissioning of the switch and reflected in the Local Exchange Routing Guide (LERG) for the Harrisburg, PA Metaswitch switch. This will occur on or after September 1, 2023.

**Network Changes and Trunk Rearrangements:**

The Harrisburg PA PEO switch will be the recipient office of traffic migrated from the Harrisburg PA POI. Traffic bound for the codes listed in Table B will be delivered via the Lewisberry PA Tandem (LWBYPAXL72T Inter-Lata FG Access SHA) and Harrisburg PA Tandem (HRBGPAHA72T Intra-Lata SHA).

After all traffic is migrated off the Harrisburg PA POI it will be retired and removed from the network.

**Description of Reasonably Foreseeable Impact of the Planned Changes (cont.):**

CLECs, IXCs, ILECs, wireless carriers and paging carriers will need to secure new trunk groups built to the Harrisburg Tandem or have existing trunk groups to that switch augmented. IXC Carriers that have direct end office trunks (DEOT) with access connectivity in the Harrisburg PA 290MD POI will be required to reposition the codes to the LWBYPAXL72T and all other CLECs and ILECs to the HRBGPAHA72T.

All ASRs (Access Service Requests) for the Lewisberry or Harrisburg Tandem switch must be received no later than September 1, 2023, to provide sufficient time to migrate the traffic described above. All traffic must be moved by October 1, 2023. All ASRs for the Lewisberry or Harrisburg Tandem switch must carry the project code of HRBGPA290MD.

Please adhere to industry standards using normal procedures that pertain to updates and changes to the LERG for all NXXs subject to the retirement of the Harrisonburg, PA 290MD POI.
