Subject: Notice of Absence of Redundancy/Diversity in Frontier Arizona Network

Date Effective: Immediately

In accordance with an order issued by the Arizona Corporation Commission, Frontier is providing notice that the services Frontier provides in Arizona are provided over a network that is not physically diverse and does not provide redundancy for your company or your end user customers.

To the extent your company requires or seeks network redundancy or diversity to provide service to your end users in Arizona, your company will need to either construct these facilities or specifically contract for separate network facilities from Frontier or another carrier for such redundant/diverse facilities and circuits as you determine reasonable and necessary.
