

Carrier Customer Bulletin

Date of Bulletin: January 10, 2020
Notice #: CCBFTR01742
Audience: CLECs Doing Business in Idaho, Montana, Oregon and Washington
Subject: Preparation for Northwest States SPID Migration
Date Effective: 01/26/2020

As previously [communicated](#), effective January 26, 2020, a SPID Migration will occur for the northwest state properties in Idaho, Montana, Oregon and Washington. This notification is to assist CLECs to prepare for the upcoming activity.

Current SPID	New SPID	Frontier States Impacted	Effective Date
0121	0615	Idaho, Montana, Oregon, Washington	January 26, 2020

In preparation for the SPID migration and as per industry standard practices:

- Inflight PONs that have received Firm Order Confirmation (FOC) prior to January 26, 2020:
 - On Thursday, January 23, 2020 and again on Sunday, January 26, all pending Subscriptions (SVs) for the above states with SPID 0121 and due date of January 27 or later will be cancelled by NPAC.
 - Beginning, Monday, January 27, 2020, the New Network Service Provider (NNSP) will rebuild Subscriptions in NPAC using ONSP SPID 0615.
 - Rebuilt Subscriptions may be concurred by contacting Frontier's LNP Concurrence center or by allowing wireline timers to expire.
- Inflight PONs that have not received Firm Order Confirmation prior to January 26, 2020:
 - Beginning January 27, 2020, Frontier will process orders BAU and create Subscriptions to port the number(s) from SPID 0615 at the time Firm Order Confirmation is sent.
