Meet Point Orders VFO Overview

Meet Point/ Multiple Exchange Carrier Orders

Ordering Procedures

1. Create a new order by hovering the **Order** tab and clicking the **New** menu option.
2. Select the controlling carrier's ICSC code in the **Receiving Code** field:

Order Initiation

Order Number: 276 Tracking

Receiver Code:

Version: 01

Guideline Version: --None Available--

Service: --None Available--

Activity: --None Available--

Template: --None Available--

Initiate Cancel

3. Select the Service and Activity values for the order.
4. Click **Initiate**.
5. The Receiver Code selected on the Order Initiation page will be in the drop down to populate in the:

ASC-EC Field on the *ASR* form *Administration* section

LAG: --Select--

CCVN: ASC_EC: --Select-- TSP:

ASR_REMARKS:

Meet Point Orders VFO Overview

ICSC field in the **Multi-EC** form *Access Service Coordination Company Detail* section

The screenshot shows a web-based form with several tabs at the top: ASR, TRANSPORT, NAI, ACI, MSL, TSR, MULTI-EC (highlighted with a red box), and GEN. INFO. Below the tabs is a section titled "ACCESS SVC COORDINATION CO DETAIL [Optional | Conditional]". This section contains an "ICSC" dropdown menu with "--Select--" and "FT01" (highlighted in yellow) as options. Below the dropdown are input fields for "HBAN", "ASRNO", and "ASG". Below this section is another section titled "PROMOTIONAL CONTRACT [Optional | Conditional]" with input fields for "ICSC", "OEC_PNUM", and "OEC_PSD" (with a calendar icon). Below that is a section titled "OTHER EXCHANGE COMPANY [Optional | Conditional]" with an "ICSC" input field (highlighted in yellow).

The other exchange company's information will be populated in the **ICSC** field on the **Multi-EC** form in the *Other Exchange Company* section.

6. Complete the remaining ordering details.

The ASR issued to Frontier and the Independent Telco(s) should include identical information to provide overall service, e.g., the same Purchase Order Number (PON), Network Channel (NC), Network Channel Interface (NCI), codes for all Points of Termination (POT).

7. Submit the request and view the updated status.

STATUS OF MEET POINT ORDERS	
Frontier as the controlling carrier:	Other carriers as the controlling carrier:
1. Submitted	1. Submitted
2. Sent	2. Sent
3. Accepted or Rejected	*No further changes*

If the order was accepted, Frontier will provision the order and send appropriate responses to keep you informed of the progress of your order.

NOTE: You will also need to send the Non-Frontier carrier the order as well. Frontier will not be sending orders to other carriers. However, if both carriers are Frontier ICSC values, you just need to submit one order.

Meet Point Orders VFO Overview

Viewing Responses

After the orders are submitted depending on the controlling carrier, the updates will be viewable on the Order List or the user will need to view the History to see the Frontier updates.

Frontier is the coordinating carrier: Order List Status will update as responses are received. User just needs to click the response to view the details.

Order List													
	Receiver Code	Customer Code	Pon	Ver	Sup	Status	Trantyp	Svctyp	Reqtyp	Act	DDD	Owner	Date Sent/ Received
<input type="checkbox"/>	CZ05	ZTK	JLG020210B	01		Confirmed		SA-2 Point	SD	N	02/26/2010	jgerber	02/05/2010 09:19

Other carrier is coordinating the meet: Order List Status remains in Sent status. User needs to open the order History to view the Frontier responses.

<input checked="" type="checkbox"/>	NW02	ZTK	JLG021110A	01		Sent	Mech Spec	SA-2 Point	SD	N	03/18/2010	jgerber	02/11/2010 16:18

Meet Point Orders VFO Overview

Viewing the History

1. Select the Order in the Order List, by clicking the check box or radio button on the far left side of the item on the order list.
2. Click the Open Book icon on the upper right side of the screen or use the Order tab menu and select View History.
3. View the History information. The most recent transactions appear at the top of the list.
