Circuit ID - Serial Circuit ID Mapping

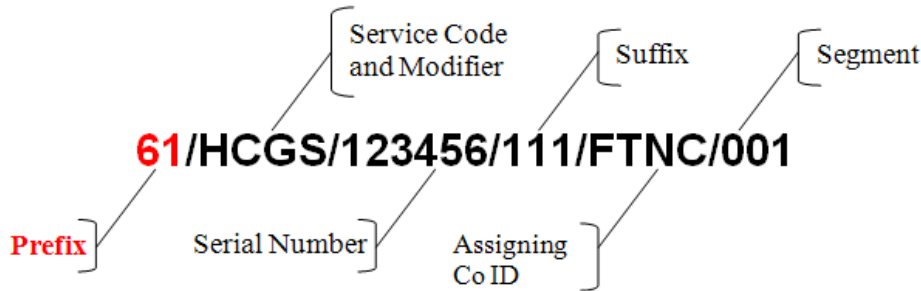

Purpose

The purpose of the job aid is to provide the changes on the Prefix and Assigning Company ID portion of the Serial Circuit ID to occur standardize ASR circuit id prefixes.

Circuit ID - Serial Circuit ID Mapping

Serial Circuit ID Prefix

In an attempt to make doing business with Frontier easier and more consistent, effective January 17, 2013, Frontier will standardize ASR circuit id prefixes. The Prefix Standardization will provide customers and other Local Exchange Carriers one circuit id prefix per state instead of many different prefixes within one state. Embedded base circuit ids will not be converted as the standardization will apply to new activity on Common Language Serial (CLS) circuit ids.
