Creating a Preorder

The screenshot shows a software interface for creating a preorder. At the top, a menu titled "PREORDER" is open, with the "New" option highlighted by a red border. Below the menu is a "Search" field. The main window is titled "PreOrder Initiation" and contains the following fields:

- TXNUM:** A text input field containing the number "4".
- Trading Partner:** A dropdown menu currently showing "Frontier Telecom". Below it, a list of suggestions is visible, with "FRT_ISC - Frontier Telecom" selected.
- Service Center:** An empty text input field.
- TX Type:** A dropdown menu currently showing "-Select One-".

At the bottom of the form, there are two buttons: "Initiate" and "Cancel".

- Select menu option **PREORDER > New**
- TXNUM auto-populates
- Select Service Center
- Select TX Type
- Click Initiate

Address Validation Inquiry – TXYTYP = A

A - Address Validation

- Populate Form
- Click Submit

Purpose:

Validate end user's address is supported by Frontier (address or working telephone number)
