---

In an effort to easily identify and process CFA Roll orders, Frontier Communications is reminding our customers of critical information. Please remember to include the following information on the initial ASR:

- Begin the Project field with 'HOTCUT'
- CFA rolls involving 15 or more Circuits can be Project Managed, please contact your project manager for further details.

Region	Name	Contact Number	Email
Frontier Foot Print	Tammie Millard	919 941-3543	<a href="mailto:tammie.millard@ftr.com">tammie.millard@ftr.com</a>

- If you desire the CFA Roll to take place between 5pm and 6am, please include the time you desire the CFA Roll to begin. As well, if Frontier is to participate on a bridge during the CFA Roll, place the conference bridge number in remarks. Please also populate the fields on your ASR:
  - Frame Due Time (FDT) – Identifies the time the carrier desires the cut to begin.
  - Conference Bridge Telephone Number (CB TEL NO) - Conference Bridge Telephone Number. Identifies the Conference Bridge Telephone number to be used at the time of the roll
