Notice #: CCBFTR01481
Audience: Carrier, CLEC
Subject: Tariff Modifications for Special Access Services
Date Effective: February 16, 2018

Effective February 16, 2018, Frontier will modify its interstate access tariffs to implement certain aspects of the Report and Order of the Federal Communications Commission (“FCC”) in its Business Data Services (BDS) proceedings. Specifically, beginning on that date, Frontier will provide all interstate special access services under the Metropolitan Statistical Area (“MSA”) Services sections of its interstate tariffs for FCC Tariffs 4, 5, 11, and 14, with the following exception: Frontier will continue to provide end user channel terminations (and their optional features) in Non-Competitive markets under the Special Access Services (“Price Cap”) sections of the tariffs. Price changes for the affected rate elements may not be reflected on the first bill cycle after February 16, and future bills may include a true-up amount (credit or incremental charge, as appropriate) back to February 16, 2018. The true up will appear in the OC&C section of the bill with a description of “BDS ACCESSREFORM”.
