RE: Frontier North Inc. (Ill. C.C. No. 15)
Advice FN-2025-01

Enclosed is an original and one (1) copy of the revised Access Service tariff sheets for Frontier North Inc. f/k/a Verizon North Inc., (Ill. C.C. No. 15) ("Frontier") for review and approval by the Illinois Commerce Commission. The company respectfully requests an effective date of July 15, 2025.

The purpose of this filing is to revise Special Access tariff rates for Voiceband Facilities, Program Audio Facilities, Digital Data Service Facilities, High Capacity Digital DS1 and DS3 Facilities and Clear Channel Capability.

If you have any questions, please contact me at (585) 777-7572 or teresa.m.ali@ftr.com.

Sincerely,

/s/ Teresa M. Ali

5. SPECIAL ACCESS (Cont'd)

5.8 Miscellaneous Special Access Services

5.8.1 Clear Channel Capability (CCO)

(A) Description of Service

An arrangement that allows the customer to transport 1.536 Mbps of information through a DS1 with no constraint on the quantity or sequence of one (mark) and zero (space) bits utilizing the Bipolar with Eight Zero Substitution (B8ZS) method of providing bit sequence independence. This arrangement is capable of transporting DS1 signals which utilize Superframe or Extended Superframe Format (ESF) as defined by the American National Standards Institute (ANSI) T1.107-1988 standard. The installation interval for Clear Channel Capability may exceed standard intervals where equipment in the central office is not readily available. The charges apply on a per SAL basis.

This arrangement requires the customer signal at the channel interface to conform to the B8ZS method of providing bit sequence independence, as described in ANSI T1.102-1987 and Section 6103 of the Technical Interface Reference Manual.
