

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

<b>Date of Public Notice:</b>	April 24, 2025
<b>Notice #:</b>	CCBFTR02317
<b>Carrier Name and Address :</b>	CITIZENS TELECOMM CO OF NY DBA FRONTIER COMM OF NY, 1919 MCKINNEY AVE, DALLAS TX 75201
<b>Contact:</b>	<b>Your Account Manager</b> or For Technical Issues: Mathew Eichhorn, Sr Network Engineer–Central Office Email: Mathew.Eichhorn@FTR.com Phone: 570-631-4062
<b>Implementation Date:</b>	Upon FCC approval, with the project completion targeted on or after November 23, 2025

**Description of Network Changes Planned:**

Citizens Telecomm Co of NY DBA Frontier Comm of NY announces that it intends to retire its DCO Host switch in the wire center listed below:

Wire Center	Address	CLLI
OLD FORGE NY	3028 RT 28, OLD FORGE NY 13420	OLDFNYXADS0
RAQUETTE LAKE, NY	DILLON RD, RAQUETTE LAKE NY 13436	RQLKNYXARSO

On or after November 23, 2025, the Old Forge Host switch will be retired and removed from the Frontier network as part of ongoing efforts to modernize the network.

The Exchange Code (NXX) in Numbering Plan Area (NPA) 315 currently residing in the Old Forge, NY DCO Host switch (see list in Table B below) will be moved to the ERVLNYXARPO PEO virtual switch (see details in Table A below).

**Description of Reasonably Foreseeable Impact of the Planned Changes:**

The native NPA NXX belonging to the Old Forge DCO Host switch and associated remotes, will be rehomed upon decommissioning of the switch and reflected in the Local Exchange Routing Guide (LERG) for the Earlville NY PEO switch. This will occur on or after November 23, 2025.

**Table A**

	FROM	TO
Entity	Old Forge- XADS0	Earlville-XAPS0
CLLI	OLDFNYXADS0	ERVLNYXAPS0
Remote CLLI	NA	OLDFNYXAFRP0
Product	DCO	METASWITCH
Point Code	218-102-008	218-102-201
NXX Type	EOC	EOC
OCN	0096	0096
Rate Center Lata	136	136
State	NY	NY

**Table B**

NPA	NXX	TYPE	Existing Switch CLLI	New Switch CLLI
315	369	EOC	OLDFNYXADS0	OLDFNYXARPO
315	354	EOC	RQLKNYXARSO	RQLKNYXARPO

**Network Changes and Trunk Rearrangements:**

The **ERVLNYXAPS0** PEO switch will be the recipient office of traffic migrated from the Old Forge NY Host switch. Traffic bound for the codes listed in Table B will be delivered via the Earlville, NY Tandem (ERVLNYXA01T Intra-Lata SHA/ERVLNYXA01T Inter-Lata FG Access SHA).

After all traffic is migrated off the Old Forge Host switch, it will be retired and removed from the network.

**Description of Reasonably Foreseeable Impact of the Planned Changes (cont.):**

CLECs, IXCs, IECs, wireless carriers and paging carriers will need to secure new trunk groups built to the Earlville NY Tandem or have existing trunk groups to that switch augmented. Carriers that have direct end office trunks (DEOT) with access connectivity in the Old Forge Host switch will be required to reposition the codes to the ERVLNYXA01T Tandem switch.

All ASRs (Access Service Requests) for the ERVLNYXA01T Tandem switch must be received no later than October 23, 2025, to provide sufficient time to migrate the traffic described above. All traffic must be moved by November 23, 2025. All ASRs for the ERVLNYXA01T Tandem switch must carry the project code of OLDFNYXADS0.

Please adhere to industry standards using normal procedures that pertain to updates and changes to the LERG for all NXXs subject to the retirement of the Old Forge NY Host switch.

If you have questions regarding the information provided in this notice or would like to schedule a meeting with Frontier Network Engineering, please contact Matt Eichhorn @ [Mathew.Eichhorn@ftr.com](mailto:Mathew.Eichhorn@ftr.com) 570-631-4062.

We look forward to working with your team to enable uninterrupted service during the network redesign and transitioning of your traffic.

For further assistance, please contact your Frontier Account Manager.
