- 5. Ordering Special Access Service (Cont'd)
- 5.3 Access Order Charges (Cont'd)
- 5.3.1 Access Service Request Modifications (Cont'd)
- (C) Design Change Charge

The customer may request a design change to the service ordered. A design change is any change to an Access Service Request which requires engineering review. An engineering review is a review by Telephone Company personnel, of the service ordered and the requested changes to determine what changes in the design, if any, are necessary to meet the changes requested by the customer. Design changes include such things as the addition or deletion of optional features or functions or a change in the signaling arrangements associated with Switched Access Entrance Facility interface groups. Design changes do not include a change of Switched Access Entrance Facility type, end user premises, end office switch, Feature Group or BSA type or Special Access Service circuit type. Changes of this nature will require the issuance of a new order and the cancellation of the order with appropriate cancellation charges applied.

The Telephone Company will review the requested change, notify the customer whether the change is a design change, if it can be accommodated and if a new service date is required. If the customer authorizes the Telephone Company to proceed with the design change, a Design Change Charge will apply. The Design Change Charge will apply on a per order per occurrence basis, for each order requiring a design change. The applicable charge is:

	<u>Rate</u>
Design Change Charge, per order, per occurrence	\$4,361.05 (C)

If a change of service date is required, the Service Date Change Charge as set forth in (A) preceding will also apply.

# Effective November 19, 2021, DS3 Term Rates are no longer permitted. DS3 Term Rates in effect as of November 19, 2021 may continue the existing term but will not be eligible to extend, renew, reenroll in, convert to a new term period, or in any other way continue their existing plan beyond its current expiration. At expiration of the commitment term service will be converted to the Month to Month rate. If at any time an existing customer terminates its DS3 Term Rates, the customer may not re-subscribe to the rate.

## Effective July 26, 2022 any DS3 Service billing at the Month to Month rate will convert to the Individual DS3 - Non-Capacity System Month to Month rate. In addition, at the expiration of a service period, any DS3 service will convert to the Individual DS3 - Non Capacity System Month to Month rate.
