

Date of Bulletin:	September 19, 2024
Notice #:	CCBFTR02264
Audience:	Verizon Business
Subject:	Ethernet Tier Building Lists and SWC List for VzB
Date Effective:	October 1, 2024

We are providing advanced notification of the effectiveness of the three (3) Ethernet Tier Building lists for VzB, as well as the Serving Wire Center (SWC) list for VzB. These four (4) lists will become effective on October 1, 2024.

These are the notable changes from the most recent draft lists that Frontier provided to VzB:

- Changes to the Ethernet Tier Building lists:
 - 436 addresses removed
 - 434 addresses served by SWC “MASNTXXA” (no longer EPATH-enabled)
 - One (1) Central Office address served by SWC “LBTPAXLRS0” (i/c/w SWC decommissioning)
 - One (1) Central Office address served by SWC “GNVLCAXFDS0” (i/c/w SWC decommissioning)
 - All addresses served by SWC “GNVLCAXF” will be served by SWC “CHTRCAXF” (as SWC “GNVLCAXF” was decommissioned)
 - All addresses served by SWC “LBTPAXL” will be served by SWC “DLLSPAXD” (as SWC “LBTPAXL” was decommissioned)
- Changes to the SWC list:
 - Removed two (2) SWCs (“LBTPAXL” and “GNVLCAXF” as they were decommissioned)

To view the foregoing four (4) lists, please visit <https://wholesale.frontier.com/access-services/verizon-business-job-aids>.

Please contact your Frontier account manager with any questions about this notice.
