Carrier Customer Bulletin

Date of Bulletin: September 6, 2017
Notice #: CCBFTR01431
Audience: Carrier Customers Doing Business in Florida, Georgia, South Carolina and North Carolina
Subject: Hurricane Irma Preparedness
Date Effective: Immediately

Frontier Communications teams are preparing for impacts from Hurricane Irma in the service areas of Florida, Georgia and the Carolinas.

Preparations include:

- Placement of flood gates;
- Equipping fleet vehicles with extra fuel, fluids and lighting;
- Double-checking all safety equipment, back-up power supplies, generators and materials used by field technicians;
- Placing emergency network supplies throughout company facilities; and
- Taking inventory of supplies needed for network restoration in the event of severe weather.

No major impacts have occurred to our network thus far. Frontier will continue to evaluate the status of our network and our facilities through the weekend and beyond, as necessary, as Hurricane Irma makes landfall. Additional notifications will be provided if impacts to our network warrant.

If you have questions regarding the information provided in this notice, please email carrier.notifications@ftr.com.
