Frontier hosted their monthly OSS Interface Change Management meeting on Wednesday, May 13, 2020. The following information was reviewed.

**Prior Month Activities**

- CCBFTR01787 - System Issue Causing Intermittent VFO Connection Interruptions and Pre-Order Timeouts 04/02/2020 *FINAL
- CCBFTR01789 - System Issue Causing Intermittent VFO Connection Interruptions and Pre-Order Timeouts 04/06/2020 *Final
  - Root Cause: These outages were due to runaway transactions, which caused stuck threads on the database. This in turn spiked CPU to 100% causing some of the VFO nodes to crash. Frontier installed a patch in VFO to create additional indexing on the database to minimize the impact.

- CCBFTR01781 - Frontier Local Business Rules Version 9.30.21 Effective Production Date *Reminder - Ziply Fiber has acquired the Northwest Four State properties of Idaho, Montana, Oregon and Washington. Frontier’s new version of business rules effective May 1st, version 9.30.21 will prompt the reject of any pre-order or order transaction for the Northwest Four States.
  - LSR Business Rule NPA NXX Table - Northwest Four States removed
  - Exchange and Access Line Matrix - Northwest Four States removed
  - All other published references have been updated or are under review.
